  - Assisted in the creation of educational materials and presentations aimed at raising awareness about cardiovascular diseases among target populations.
  - Collaborated with a cross-functional team to design research protocols, achieving a 20% improvement in data consistency.

#### Research Team Leader

##### The sparkling Light press Group

- 08/2022 - 11/2023    Ile-Ife, Nigeria
- Conducted comprehensive literature reviews on clinical and behavioral health topics, synthesizing findings to guide project strategies and improve intervention outcomes.
  - Designed and managed research tools, ensuring data quality and consistency.
  - Supervised and mentored a team of 3 junior analysts, improving team productivity and research output quality.
  - Managed project timelines and deliverables for complex studies, resulting in 95% on-time completion rate.

#### Nurse Researcher

##### Freelance

- 10/2022 - Present    Abeokuta, Nigeria
- Conducted literature reviews of 50+ peer-reviewed articles, contributing to evidence-based cardiovascular interventions.
  - Reviewed literature to align new test manuals with global standards, ensuring accuracy and cultural sensitivity.
  - Designed and managed research tools, ensuring data quality and consistency.
  - Analyze emerging AI tools for practical applications in clinical and behavioral contexts.

### EDUCATION

#### Diploma In Nursing science

##### Obafemi Awolowo University

10/2020 - 11/2023    Ile-Ife, Nigeria

### KEY ACHIEVEMENTS

- Spearheaded research Initiative**  
Spearheaded a research initiative on generative AI applications, delivering actionable insights to improve client services.
- Recognized Expert**  
Conducted reviews and synthesized insights that improved intervention tools, impacting over 500 clinical users.
- Data and Project Management**  
Increased social media engagement by 35% through strategic campaign management within three months.

### SKILLS

Project Management	Research
Quantitative analysis	Data Collection
Communication	Survey design
Technical Proficiency	

### COURSES

- Intermediate level in research**  
Focused on clinical and behavioral health research methods by the Institute of Nursing Research and Journal Club.
- Project Management Professional Certification**  
Gained expertise in project management processes, awarded by Alison Courses.
- Data analysis**  
Training included statistical methods and data visualization for healthcare applications provided by HP Life and UniAthena.
