Education

B.Sc. Public Health   2021

University of Calabar, Cross River State

Work Experience

Development Communication Network (Devcom), Lagos State.

Field Enumerator   June 2024 – December 2024

- Conduct qualitative research sessions with community-based organizations (CBOs), civil society organizations (CSOs), and other stakeholders to gather insights on urban water, sanitation, and hygiene (WASH).
- Facilitate discussions on gender equity and social inclusion, ensuring active participant engagement and collaboration.
- Prepare detailed reports summarizing key findings, insights, and recommendations from focus group discussions (FGDs) and key informant interviews (KIIs).

Excellence Community Education Welfare Scheme (ECEWS), Uyo.

Data Entry Clerk   March 2023 – May 2024

- Entered client-level data into the Electronic Medical Record (EMR) system (LAMIS) and other program-level platforms, ensuring accuracy and consistency.
- Participated in monthly data validation activities, reviewed reporting tools, and provided feedback to improve data accuracy.
- Trained site M&E officers on data management processes to enhance program outcomes.
- Coordinate community caseworkers and linkage officers in OVC programming in line with the PEPFAR OVC guidance and implementation model and provide them with the required technical support.
- Timely contribute to the monthly development and sharing of progress report, technical notes, and meeting reports.

National Bureau of Statistics (NHFS), Federal Ministry of Health, Bayelsa State
Enumerator   October 2023 – December 2023

- Collected data on service delivery and quality from over 200 health facilities in Bayelsa State.
- Administered questionnaires, interacted with healthcare staff, and provided daily reports to inform service improvements.

- Reported findings to the Federal Ministry of Health, contributing to service improvements.

- Organized daily schedules and activities for fieldwork, ensuring the team remained on track and data collection was efficient.
- Liaised with stakeholders, coordinating meetings and ensuring that accurate information was communicated.

Primary Health Care Development Board, Ministry of Health, Osun State
Public Health Practitioner   September 2022 – August 2023

- Conducted monitoring and evaluation (M&E) activities, including data collection and reporting using IDSR tools.
- Organized and implemented community health interventions, including house-to-house immunization campaigns and health education initiatives.
- Collaborated with state health teams to monitor project performance and enhance program delivery.

World Health Organization (WHO), Osun State
Program Monitoring assistant   January 2022 – January 2023

- Supervised local health campaigns, coordinated data collection efforts, and provided feedback to improve implementation processes.
- Ensured adherence to WHO monitoring guidelines by facilitating regular training sessions and evaluation meetings.

- Engaged in monitoring and evaluation (M&E) activities, including active case findings, data collection, data entries, and reporting using Integrated Disease Surveillance and Response (IDSR) tools and mobile tools (ODK, Kobo Collect).

Primary Healthcare Development Agency, Ministry of Health, Cross River State
Monitoring and Evaluation Intern   June 2020 – July 2022

- Conducted community needs assessments and implemented health education programs, including WASH and immunization campaigns.
- Worked closely with local governments and external partners to ensure successful program delivery and universal health coverage.

- Worked and communicated with government officials and other external partners in providing incentives and sensitization programs.
